Please see the attached Tender Conditions.

The tender documents may contain requirements that are expressed in the form of technical specifications, such as an ISO standard or a reference to a Nato Stock No. / part number. This shall only be understood as a reference to the quality required. Thus, if any technical specifications do not include the words "or equivalent", the text should be understood to include the words "or equivalent". Similar products, able to fulfill the same requirements / needs and of an equivalent quality, can therefore also be offered.
